

GF 710

Exhaust grilles with fixed vanes

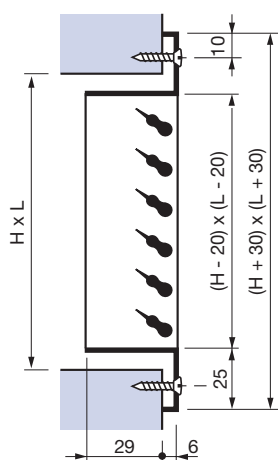

Product	GF 710
Construction material	Steel
Finishing	RAI 9010

GF 710 exhaust grilles are fitted with a frame and horizontal vanes profiled in steel sheet, phosphate coating and white stove enameled (RAL 9010). 40° vane deflection.

On request we can supply the grille with extruded aluminium frame and vanes profiled in anodized aluminium mod. AD 710.

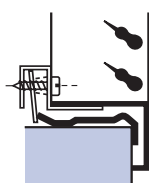

Applications GF 710 exhaust grilles are used in all tertiary facilities, in conditioning and thermal - ventilation systems.
